Who we are...

- **CITiZAN**: The Coastal and Intertidal Zone Archaeological Network
- Community driven Archaeology
- Citizen Science
- Country Wide – Regional Focus
 - Six differing Discovery Programmes
- One Discovery Programme Officer
- One Community Archaeologist per region

Who are we working with?

ESTATE**

Our Mission

- Raise awareness through Heritage sector
- Non-intrusive survey (preserve by record)
- Regular monitoring (for better planning)
- Engage new communities

- New, relevant archaeological data
- Hi-precision survey
- Continued and developing academic connections

Phase 2

CITiZAN Discovery Programmes

The Outline

Extending from Flamborough Head to Skegness and covering the tidal reaches of the Humber, we work with local communities to explore the area's rich archaeological, historical and natural heritage.

From Palaeolithic landscapes, through Bronze Age forests; the tourist growth of the 18th and 19th centuries through to the First and Second World War Coastal defenses....

Humberside
Discovery Programme
CITiZAN

CITiZAN method

CITiZAN recruit and train volunteers to identify & record threatened coastal archaeology.

Volunteers monitor archaeology, add new sites using the CITiZAN app.

CITiZAN reviews and uploads data to our webmap + App. Submits to HERs, Archaeology Data Service (ADS).

BEFORE

AFTER

Past Projects

Phase 1 - training

- Earle's Shipyard, Hull
- Auburn Farm, Bridlington
- Cleethorpes Submerged Forest

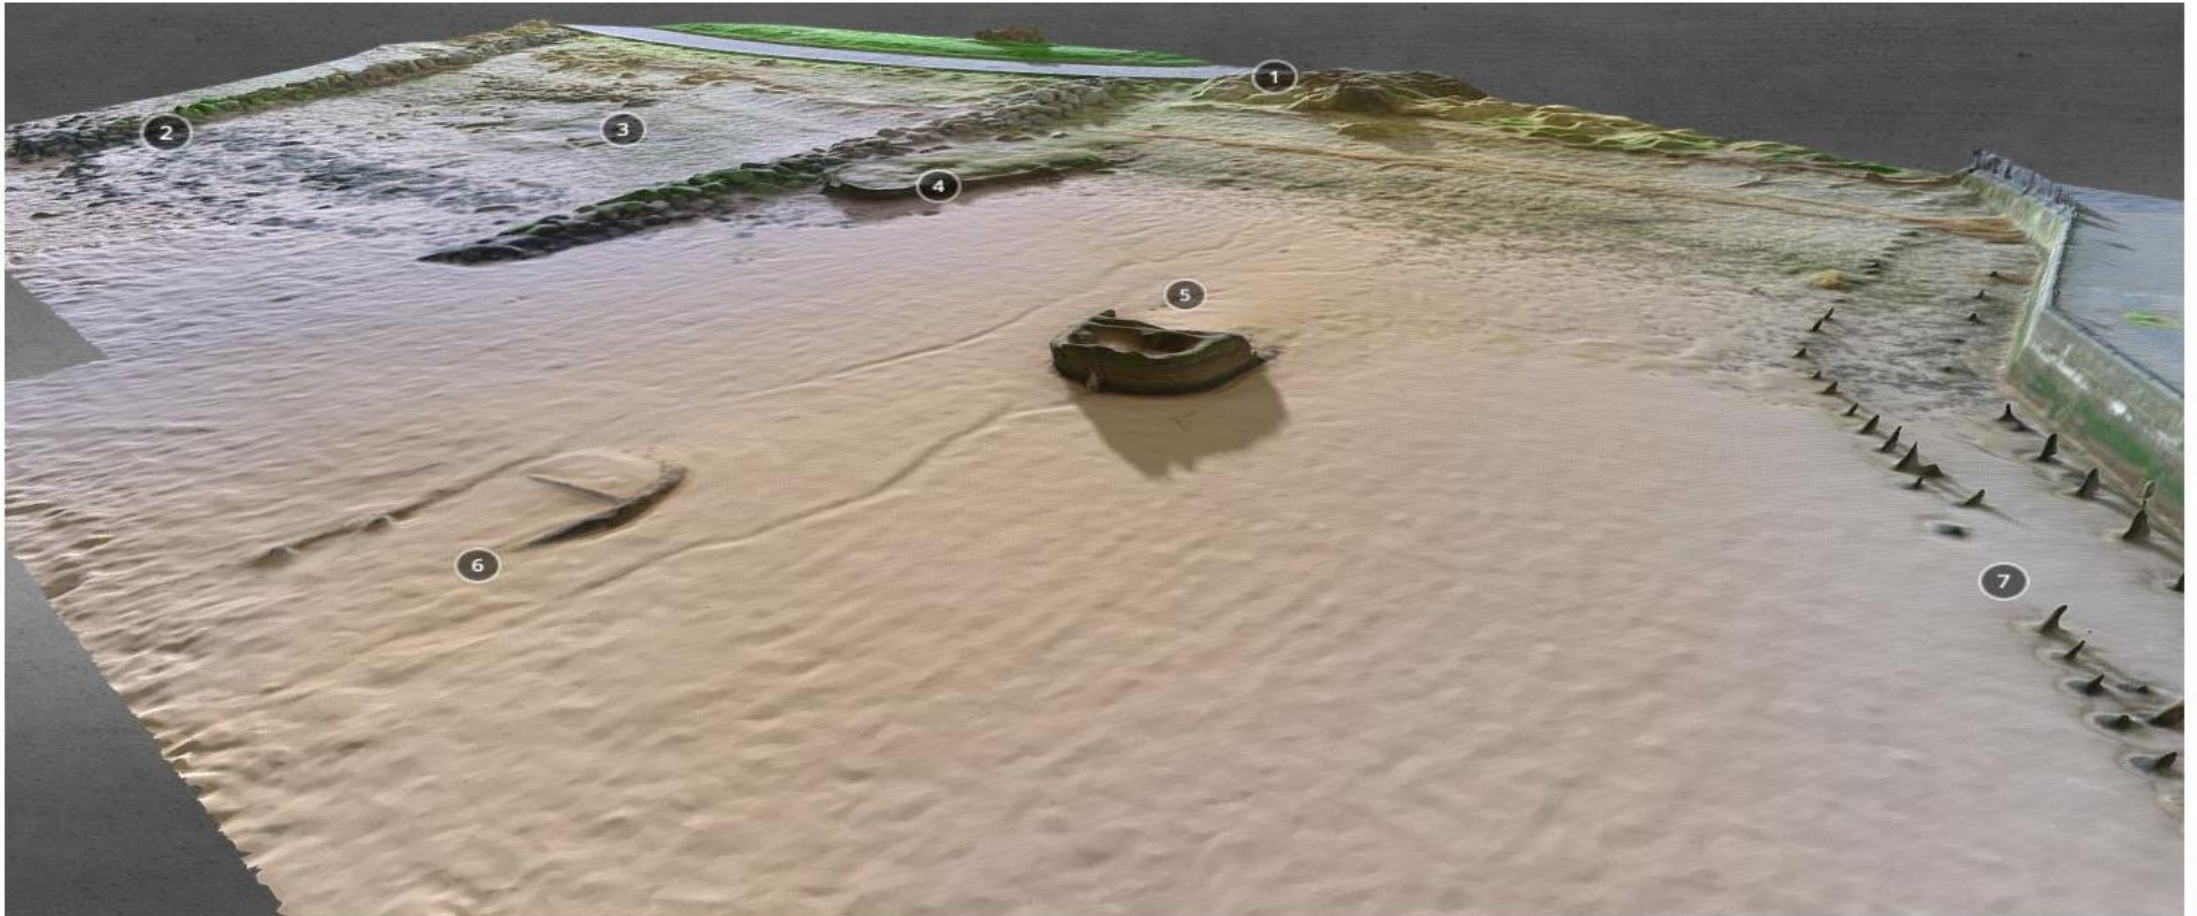

Phase 1 – surveys

- Hessle
- Spurn
- Flamborough

Photogrammetry and 3D Digital models

Earle's Shipyard Guided Tour

So far in 2019...

Guided foreshore walks @

- South Landing
- Cleethorpes Submerged Forest
- Hull

Events/stands @

- Petuaria ReVisited
- WithStock/WithFESTs
- Two Festival of Archaeology day events
- "Discover the Coast with CITiZAN" @ HERM

CITiZAN's Humberside Low Tide Trails

What are Low Tide Trails?

Plans for 2020

- Barton Foreshore
 - The brick and tile story
- North Ferriby
 - Re-access and investigate
- Spurn
 - Historic foreshore and submerged peat landscape(s)

Further Afield

- Cleethorpes
- Rimac
- South Landing, Flamborough

BRICKS, TILES AND THE SOUTH HUMBER

25th & 26th April 2020

FREE ARCHAEOLOGICAL TRAINING WITH CITIZAN

FOSTER'S WHARF/SPENCER'S YARD

0 25 50 75 100
Meters

Research Aims

- What/how much remains at Foster's Wharf?
- Can the remains be dated to show changes/continuity at the site?
- How at-risk are the remains in the tidal zone?
- How does the site fit into the wider Coastal Industry of N. Lincs/Barton?

Humberside
Discovery Programme
CITiZAN

24th-26th April 2020
FOSTER'S WHARF,
Humberside Discovery Survey

ACKNOWLEDGEMENTS

The Barton and District History Group
Specifically, Richard Allison, Paul Laws and Phillipa Wray

Also...

Richard Clarke, Local Historian.
Gordan Kell and all at the Humber Nature Partnership

And

The Waters' Edge Centre, Barton-upon-Humber

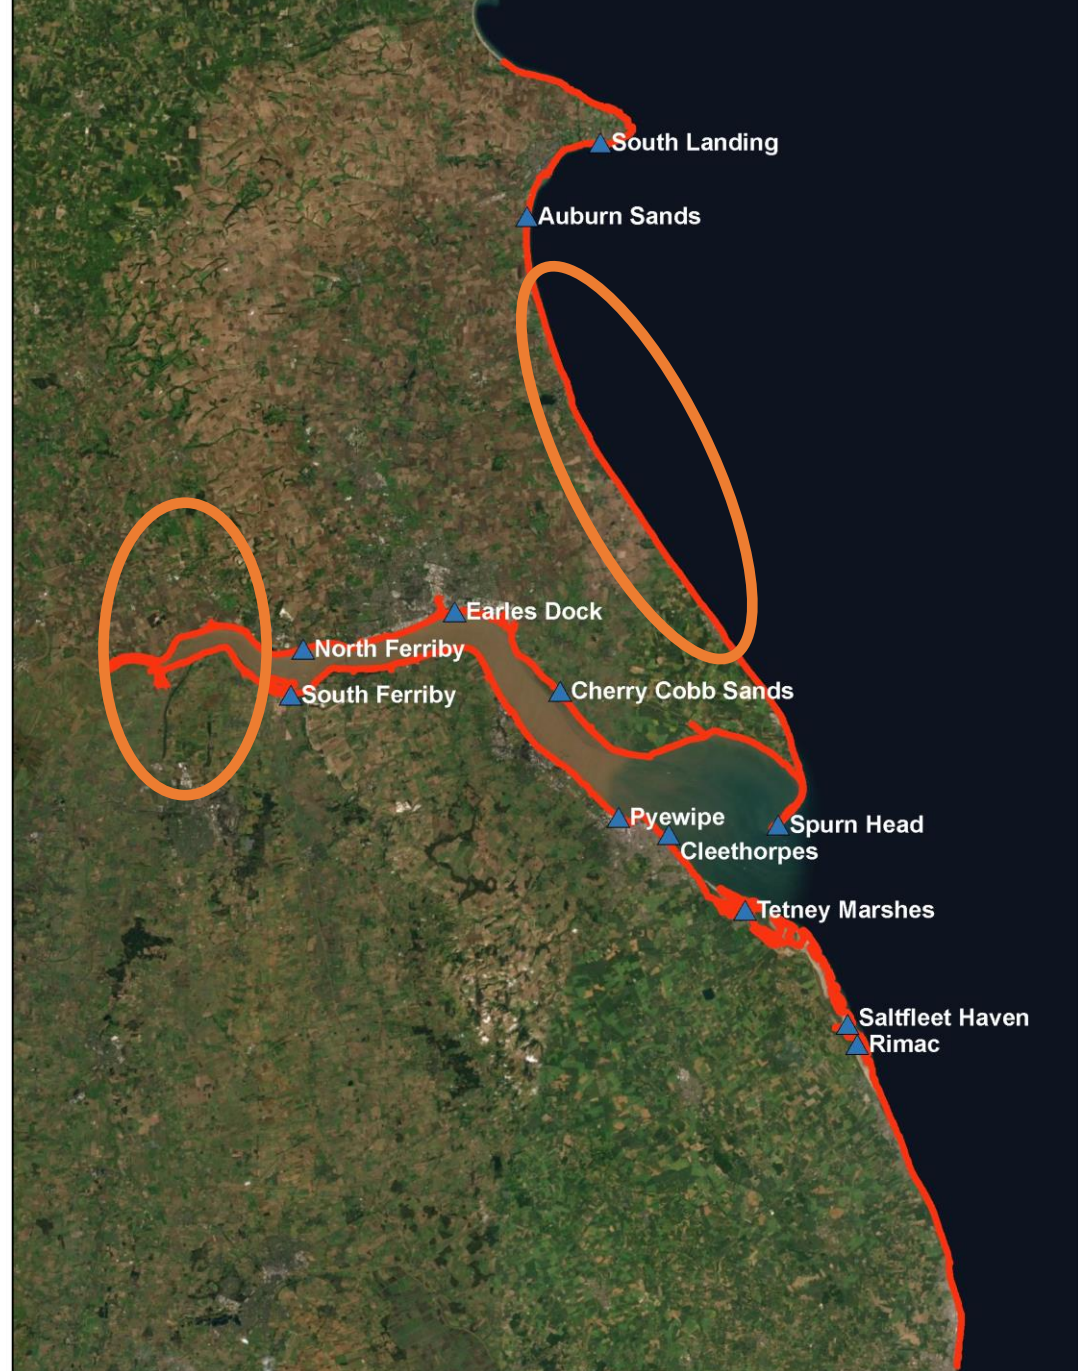

Longer Term

Chances for research

- CDP w/ MOLA
- Master Degree w/ Lloyds

Further developed training with groups and communities

- Home Education Network
- Barton and District History Group
